

ANNEX 18. QUICK WINS FROM THE LOCAL STRUCTURES Q3.22

| Region / Municipality | 8 Examples of Quick wins from Accountability mechanism |
|--|--|
| AMORON'I MANIA / ALAKAMISY AMBOHIJATO | <p>During community meetings, the population requested the need to repair the catchment facility of the gravity-fed water supply of the Commune and some leaking pipes.</p> <p>Result: The STEAH conducted monitoring of the facility, during which he determined the need to repair these facilities. RANO WASH supported some construction materials, and the Commune mobilized a local mason contracting with them to conduct the repair.</p> |
| AMORON'I MANIA / AMBOSITRA 2 | <p>During community meetings, the water users requested the repair of a water divider device between the Fokontany of Ampila and Vohimalaza.</p> <p>Result: The water user association managed to gather 80 000 Ariary or 10 000 Ariary per tap stand to conduct the repair, which benefitted 213 households in these two fokontanys.</p> |
| AMORON'I MANIA / ANJOMA ANKONA | <p>During a community meeting, the water users requested the repair of leaks at the catchment facility of the water supply system of the Commune and some leaking pipes.</p> <p>Result: The chief of Fokontany requested support from RANO WASH, who provided three bags of cement. The Commune mobilized a local mason contracting with them to conduct the repair, which enabled safe drinking water to 150 additional households in the Fokontany of Fizinàna and Ambalamahasoà.</p> |
| AMORON'I MANIA / SAHAMADIO FISAKANA | <p>During a community meeting, the water users requested the repair of some damaged tap stands and taps.</p> <p>Result: The Commune mobilized local masons trained by RANOWASH to repair, and the project provided new taps, which</p> |

| Region / Municipality | 8 Examples of Quick wins from Accountability mechanism |
|---|--|
| | enabled the provision of safe drinking water to an additional 173 households in the Fokontany of Andrainarivo and Mahazina. |
| AMORON'I MANIA / AMBOHIMHAZO | <p>Following requests during community meetings, water users requested a reduction in water tariffs.</p> <p>Result: Water price was reduced from 60 to 40 Ariary per 20-liter jerrycan.</p> |
| ATSINANANA / NIAROVANA CAROLINE | <p>During community meetings, the communities complained about water cuts for a few months due to the construction of the RN11A road.</p> <p>Result: The local structures such as WASH CSO, SLC, and STEAH advocated for the Ministry and DREAH to resolve the matter, which resulted in the water supply system's functionality being restored.</p> |
| HAUTE MATSIATRA / VINANINORO OUEST | <p>The suggestion boxes of the Commune contained a request from the VSLA Assistants requesting payment of their indemnity when providing support to the VSLA.</p> <p>Result: The Commune passed a decree on ordering the payment of an indemnity of 3,000 Ariary per VSLA Assistant when they come to support their VSLAs.</p> |
| HAUTE MATSIATRA / ANDRAINJATO EST | <p>During community meetings, the population raised the need to build water supply infrastructure.</p> <p>Result: With the support of RANO WASH, the Commune worked with the private water manager, the STEAH, and the water user association to provide safe drinking water through 96 private connections, eight social connections, and six institutional connections.</p> |

| Region / Municipalities | 8 examples of Communal WASH-CSO s Advocacy Success |
|--------------------------------------|---|
| ALAO TRA MANGORO / AMBOAVORY | <p>WASH CSO advocated for the use of glass protection by all cooked food sellers. The Commune supported the initiative by convening those who did not conform.</p> <p>Result: All cooked food sellers in the Commune now use glass protection.</p> |
| ALAO TRA MANGORO / AMPASIKELY | <p>WASH CSO advocated the Mayor for the extension of the water system in the Commune.</p> <p>Result: The Commune is now constructing ten tap stands to improve access to safe drinking water.</p> |
| AMORON'I MANIA / IVATO CENTRE | <p>WASH CSO advocated for the need to rehabilitate the Commune's catchment facility of the gravity-fed water supply.</p> <p>Result: The Commune rehabilitated the catchment facility and managed to provide safe drinking water to 44 additional households through this initiative.</p> |
| AMORON'I MANIA / FIADANANA | <p>WASH CSO conducted advocacy to the Commune to take initiatives regarding the water source of the Commune, which is unprotected and exposed.</p> <p>Result: The Commune decided to plant trees and improve protection in the watershed of the source.</p> |
| ATSINANANA / RANOMAFANA EST | <p>The WASH CSO advocated constructing a public latrine in the Fokontany of Antongombato as they are running out of space to build household latrines.</p> <p>Result: The Commune built a public latrine in the Fokontany of Antongombato.</p> |

| Region / Municipalities | 8 examples of Communal WASH-CSO s Advocacy Success |
|---|--|
| ATSINANANA / MANJAKANDRIANA | <p>The WASH CSO conducted institutional triggering and pushed for adopting a DINA.</p> <p>Result: All 28 villages in the 12 fokontany are auto-declared as ODF since June 2022 but await verification.</p> |
| VATOVAVY FITOVINANY / ANDEMAKA | <p>The WASH CSO advocated for the need to pay the salary of the STEAH, which was discussed by the SLC and was proposed to the Commune.</p> <p>Result: The STEAH was paid his salary during the three months of this quarter (April, May, and June 2022)</p> |
| HAUTE MATSIATRA / MANEVA | <p>The WASH CSO conducted advocacy to the VSLA to rehabilitate latrines following the cyclones.</p> <p>Result: The VSLA worked on rehabilitating these facilities post-cyclone.</p> |

| Region / Municipalities | 7 examples of Success from the dialogue within SLC (local structure of dialogue) |
|---|---|
| ALAOTRA MANGORO / MORARANO CHROME | <p>The Local Consultation Structure (SLC) organized a consultation to find solutions to the waste management issues of the Commune.</p> <p>Result: The Mayor has initiated a partnership search to improve waste management in the Commune. The Local development funds, therefore, financed 15 dumpsters.</p> |
| ALAOTRA MANGORO / AMPARAFARAVOLA | <p>The SLC organized a consultation to discuss the priority needs of the Commune, which does not have any dumpsters in the town center.</p> <p>Result: The Mayor set up four dumpsters at four strategic locations in the town.</p> |

| Region / Municipalities | 7 examples of Success from the dialogue within SLC (local structure of dialogue) |
|---|--|
| ATSINANANA / NIHERENANA | <p>The Mayor and the local structures sent a written letter to the DREAH requesting a meeting between the water manager, the Commune and the water users to solve the frequent water cut and the disagreement about invoices.</p> <p>Result: No more water cuts and users are now using the system while they were reluctant.</p> |
| ATSINANANA / SAHAMATEVINA | <p>Following the SLC consultation meeting, a solution had to be found to end open defecation in the Commune.</p> <p>Result: A DINA was decided by the SLC, was deliberated by the municipal council and is now applied.</p> |
| ATSINANANA / AMBODIVOANANTO | <p>Following SLC consultations, the STEAH situation needed to be resolved as he was unpaid and did not have an employment contract.</p> <p>Result: The SLC proposed a salary and contract for the STEAH and was deliberated by the municipal council.</p> |
| HAUTE MATSIATRA / KIRANO | <p>The SLC conducted consultations and proposed that the development of the commune budget should be monitored and supported.</p> <p>Result: The Commune WASH budget increased from 7 million Ariary in FY21 to 10 million Ariary in FY22.</p> |
| HAUTE MATSIATRA / ANDRANOMIDITRA | <p>The SLC conducted consultations with the landowners to construct all WASH facilities in the Commune.</p> <p>Result: All land donation deeds are completed to construct WASH facilities.</p> |

Regions /
Municipalities

9 Examples of Quick Win by Commune team

**AMORON'I MANIA /
AMBOHIMAHAZO**

While monitoring the water supply of the Commune, the STEAH discovered a damaged tap, preventing water distribution to the fokontany of Ambohimahazo.

Result: The STEAH repaired the tap, which enabled the distribution of safe drinking water to 141 households in this Fokontany.

**ATSINANANA /
ANTSAMPANANA**

Following taxation training, the Commune started to follow its tax mobilization plan.

Result: The Commune starts properly registering their tax income and expenses, leading to better local governance at the commune level.

**ATSINANANA/
AMBODITAVOLO**

A few executives of the Commune conducted a consultation and determined the need to deal with the use of dirty water for drinking by the local population.

Result: The Commune decided to use part of its WASH budget to build some wells in some of the Fokontans, which supply safe drinking water.

**ATSINANANA /
IAMBORANO**

The STEAH led many activities such as group visits to the communities, discussions with village leaders, and community meetings.

Result: The villages are now cleaner, each household is building latrine, and a public latrine is built.

**ATSINANANA /
TSARAVINANY**

As the people used to drink dirty water, the Commune decided to search for a partnership to build a gravity-fed water supply system.

Result: Commune was building a gravity-fed water system equipped with nine tap stands.

**ATSINANANA /
AMBINANINONY**

The STEAH supported the local masons in marketing their products.

Result: The number of SanPlat slabs sold has increased.

Regions /
 Municipalities

9 Examples of Quick Win by Commune team

The Commune decided to initiate to protect its source in collaboration with the local structures, WASH CSO, and SLC.

HAUTE MATSIATRA / KIRANO

Result: The Commune planted 5,280 trees around the three water sources to improve the watershed. It also passed a commune order to protect the watershed, which the District validated.

HAUTE MATSIATRA / ANDRAINJATO

Following RANOWASH's support, the Commune collaborated with the private manager to rehabilitate the existing water supply system.

Result: This rehabilitation benefitted 789 users through 18 social connections, 116 private connections, and six institutions.

HAUTE MATSIATRA / MANAMISOA

The Commune conducted community visits to conduct triggering.

Result: The number of latrine users increased – 932 households composed of 5,367 people for limited latrines and 230 households composed of 1,196 people for basic latrines.

Regions / Municipalities

10 Examples of Quick Win by Commune team

Following various governance support provided by RANOWASH to the commune level authorities, the Commune was aware of its potential and decided to take action to change its WASH and development situation.

HAUTE MATSIATRA / AMBOHIMANDROSO

Result: Planting of 2,800 young plants in Antsahanampela and Andohovolo; Increase of WASH budget from 4 million to 10 million Ariary; Census of all taxpayers and assets subject to taxations; Rehabilitation of roads in all fokontany; Posting of various tariffs/rates to ensure accountability; 21 VSLA groups created; and Commune contracted with a private sector (local mason and seamstress) for WASH products.

HAUTE MATSIATRA / ANDRAINJATO

Following various governance support provided by RANOWASH to the commune level authorities, the Commune was aware of its potential and decided to take action to change its WASH and development situation.

Result: Commune is certified ODF; WASH budget increased from 7,745,800 in 2021 to 16,160,000 Ariary; STEAH salary increased

| Regions / Municipalities | 10 Examples of Quick Win by Commune team |
|---|---|
| | <p>from 60,000 to 200,000 Ariary; SLC conducting consultations; Creation of 36 VSLA groups in 5 Fokontany; Planting of 6,809 young plants in the watershed of the Commune, and Commune contracted with a private sector (local mason and seamstress) for WASH products.</p> |
| <p>HAUTE MATSIATRA/ BESOA</p> | <p>Following various governance support provided by RANOWASH to the commune level authorities, the Commune was aware of its potential and decided to take action to change its WASH and development situation.</p> <p>Result: Completion of the commune’s 2022 primary budget at 433,989,000 Ariary of which 50 million (11%) is allocated to WASH; Reforestation initiative to protect the watershed; Submission of a small project proposal to the German Embassy for the construction of water supply infrastructure from the Velontsoa Source.</p> |
| <p>HAUTE MATSIATRA / KIRANO</p> | <p>Following various governance support provided by RANOWASH, the Commune decided to take action to change its WASH and development situation.</p> <p>Result: The Commune decided to hire a young STEAH agent to ensure the sustainability of the services; Completion of the commune’s 2022 primary budget at 95,728,900 Ariary, of which 10 million (10%) is allocated to WASH; and Planting of 1,900 young plants around 3 different sources (IALATSARA, TSIAZONANBOHO and BELALERY).</p> |
